## Provider Form for UCF Housing Floor Plan Accommodation Request

To help determine reasonable accommodations, qualified professionals may submit documentation on behalf of students. Base your conclusions on all evidence in file (clinical and laboratory findings; symptoms; observations, lay evidence; reports of daily activities; etc.). This information will be used in conjunction with the student's self-report to determine reasonable accommodations on an individual basis. Medical information will be considered but is not the definitive information that informs our final decisions. We consider a multitude of factors. A medical provider's recommended accommodation does not automatically bind SAS/UCF to approve the accommodation as being reasonable.

Student's Name:
Student's UCF ID:
Diagnoses for which housing accommodations requested:
When was the student last seen prior to this form being completed?
